VOL. LIX: NO. 1. REDWOOD CITY, CALIFORNIA, SATURDAY, APRIL 6, 1918. ESTABLISHED 1859.

TRUSTEES REVERSE ORDER TO TAKE LUSCHER'S LICENSE

Evidently convinced after mature considerations that their action in revoking the license of the Del Monte saloon was rather hasty and possibly might not stand the scrutiny of the law, the trustees at the regular meeting the city council Monday evening reversed their action and restored the license. This action was taken at the suggestion of Trustee Merrill, who, in presenting the matter at the opening of the session suggested that the ill considered action was of doubtful legality and had possibly resulted in an unintended injustice to Charles Luscher, roprietor of the place, leaving the impression that he had been found guilty under the charges presented, whereas such was not the case. Speaking of his own action, Trustee Merrill stated that his own action at the previous meeting had been based upon what he had learned of general reputation and not upon the evidence presented at the hearing. This course, he was now convinced was an error, as under the laws of the city judgment should have been given upon the evidence under the specific charges presented.

Whil Luscher and his attorney, Judge Fitzpatrick, were both present at the meeting, no attempt was made to introduce further evidence. Judge Fitzpatrick, however, made a strong plea for his client, urging that the law was specific in its requirements that action must be based upon the evidence produced and upon which the party accused must be given an opportunity to be heard.

Discussion of the matter by the trustees indicated a unanimous agreement with the stand taken by Trustee and a motion to rescind the order revoking the license was carried without a dissenting vote.

Acting upon the petition of Charles Oliver for a sewer in Davis street, City Clerk was directed to notify owners of property on that street that unless private contracts for the work were let before the next meet- of the council steps would be taken to compel the laying of sewers and construction of sidewalks under the public improvement act.

A communication was presented from Colonel W. K. Jones, Provost Marshal at Camp Fremont, urging the passage of more strict regulations for public dances and in the interest of general conditions surrounding the soldiers of the camp. Following a discussion of the communication a committee consisting of Trustees Tuchsen, Mabie and Merril was appointed by Mayor Sampson to confer with the military officials in an endeavor to come to some definite understanding as to the regulations desired.

A communication from the Chamber of Commerce urged that action be taken to provide a more direct connection between the business center of the city and the industrial district. As a means of accomplishing this object several alternative propositions for street extension were submitted. In answer to a request for immediate action from Secretary E. T. McGettigan of the Chamber of Commerce, City Engineer Dimmitt was instructed to present at the next meeting plans and estimates of cost for the extension of Holder street easterly, this being deemed the most feasible of the propositions suggested.

Additional street lights were ordered installed on Hudson, King and Spring streets.

City Clerk Price was directed to advertise for bids for sprinkling the streets of the city for the next year.

POPULAR YOUNG COUPLE UNITED IN MARRIAGE

Dr. Henry H. Winkler, the popular local dentist, was united in marriage to Miss A. I. Kavanaugh in South San Francisco Tuesday last, following a nuptial mass celebrated by Father James P. Moran. The impressive ceremony was performed by Father Moran in the presence of a large number of friends of the contracting parties. Louis Winkler of this city acted as best man while Miss Margaret Kavanaugh was bridesmaid. The young couple has made many friends and are popular with all. They will return from the honeymoon early next week and will reside in Redwood Highlands where the doctor has prespared a pretty home for his bride.

Hygiene and Nursing Class Examined

The class in Elementary Hygiene and Nursing held the examination in the Assembly room of Sequoia high school Tuesday evening. Mrs. M. E. Barry, who conducted the examination, has been the instructoress for the fifteen lessons.

The members of the class are Miss Lu Beeger, Mrs. Marie L. Carr, Mrs. Otis Carrington, Mrs. Fred Chilcott, Mrs. D. E. Graham, Miss E. Holden, Miss Laura Hansen, Miss Alice Holden, Miss Pauline Hansen, Mrs. Arnold Hess, Jr., Miss Helen Kirtland, Mrs. Philip Kroeck, Mrs. C. Lamar, Miss Fay Thorpe, Mrs. Philip Wallace and Miss Mona Walsh.

Elementary Hygiene is the second course under the Educational Section of the National Red Cross. A class in the first course, that is First Aid to Injured will be started within two weeks at Dr. Dyke's office. All those desiring to join the class may notify Mrs. D. E. Graham.

The Educational Committee of the Redwood City Chapter of the Red Cross is Mrs. D. E. Graham, Mrs M. E. Hansen. Dr. J. Chapin, Dr. J. P. Dykes, Dr. F. S. Gregory, Mr. Cyrus Young and Mr. Peter Ryan.

E. P. Antonovich, architect for the city hall of Redwood City, was here last week visiting friends. He has joined the engineer corps of the army and left for the east on Monday. He is a brother-in-law of Dexter Ashley, a former Redwood City boy. Mr. Antonovich will shortly report at the front.

MANAGEMENT OF SEQUOIA UNION HIGH SCHOOL IS HIGHLY ENDORSED BY VOTERS OF THE DISTRICT

Last Friday the town had one of the greatest awakenings in its history. For thirteen years the Sequoia Union High School has been under the management of one principal. No other principal on the peninsula has served any community so long. Such generous outflowing of any class of people to show their regards for a man, whose position they believed to be imperiled, has seldom been seen.

The teachers now employed were selected by the trustees with the aid and recommendation of the principal. In scholarship, character and ability they certainly measure up well with the high school teachers of other comunities. If they did not, it would he hard for us to understand why they should receive the hearty approval of the different professors acting as inspectors of the University of California, or why our graduates should uniformly do so well in higher institutions of learning or in positions of trust.

During the period named, the present trustees have been entrusted with the management of the high school. They have never felt they had any title deed to the position of trustee; they have given time and thought to the careful and economical management of the school, and like all other self-respecting men, were not willing to be rudely thrown aside unless it was shown to be the will of the tax payers.

It will be a grave mistake if our high school should ever become the foot-ball of politics,—personally, politically, religiously or socially. For twenty-three years, it has been conducted without any of these influences militating against its efficiency. Probably, no school in the state has suffered so little from contest between factions seeking control of the school for purely selfish or any other reason.

There has been no desire on the part of the trustees to hide from the people the facts or to prevent wise criticisms of the management of the school; but faultfinding is easy and very few are even bright and shining examples of the successful management of their own children. Of one thing there can be no doubt: Most children will get along better in school if parents will make frequent visits, not only to entertainments, but to daily recitations of those teachers who have their children in charge. No doubt the teachers would be glad of such inspection and the opportunity for consultation with the parents.

While the very large vote cast indicated the interest of our people in their school, the result was certainly an endorsement of the principal and the way in wnich the trustees have managed the school, with an eye always to keep within reasonable bounds the cost without affecting its efficiency, has been their policy.

The people surely have spoken and are content to allow the management of the school to rest in the hands of those who have so successfully guided it in the past.

THREE CONCRETE SHIPS TO BE BUILT HERE SOON

That more concrete ships will be constructed in Redwood City was fully determined upon at a meeting of the directors of the San Francisco Ship Building Company in the city yesterday. It was decided to start on three ships at once. The water front of Redwood City is soon to be a very busy place.

Plans for the construction of concrete ships of 7500 tons were given to R. J. Wigg, consulting engineer of the Emergency Fleet Corporation, after the launching of the concrete steamer Faith on March 14th at Redwood City by the San Francisco Shipbuilding Company. W. Leslie Comyn of the company said yesterday afternoon that the government has been guaranteed delivery of the vessels in four months allowing sixty days for the preparation of plans. He said the three vessels will be built at the Redwood City yards. They will be 50 per cent larger than the Faith, which is of 5,000 tons register.

RESULTS OF HIGH SCHOOL ELECTION FOR TRUSTEES

The high school trustee election held last Friday was the liveliest contest ever taken place in the district. The result of the election is as follows:

T. O. Heydenfeldt—Redwood 576, Menlo Park 91, Los Lomitas 7, Belmont 52. Woodside 22, Ravenswood 7, San Carlos 8, total 763.

D. E. O'Keefe—Redwood 496, Menlo Park 126, Los Lomitas 8, Belmont 51, Woodside 23, San Carlos 19, Ravenswood 13, total 744.

D. R. StaffordRedwood 155, Menlo Park 23, Los Lomitas 10, Belmont 7, Woodside 6, San Carlos 19, Ravenswood 5, total 225.

Douglas S. Watson—Redwood 122, Menlo Park 3, Los Lomitas 10, Belmont 8, Woodside 7, San Carlos 9, Ravenswood 3, total 162.

ABOUT ONE-HALF OF THE VOTERS HAVE REGISTERED

Up to the present time 8077 voters of the county have registered. These are principally from the municipalities where elections will take place next Monday. Very few outside the cities have registered. They are urged to do so and not wait until the last moment when everything will be congested at the clerk's office.

The party affiliation of those who have registered is as follows: Republican, 5168; Democrat, 1992, Socialist, 213; Progressive, 68; Prohibition, 34; Declined to state party affiliation 602.

Applies for Letters

Carl J. Coburn, through his attorneys, Ross & Ross, has petitioned the superior court for letters testamentary with the will annexed upon the estate of George Proctor Ellis, who died at Pescadero on October 20, 1917. The estate consists of a parcel of land at Pescadero valued at less than $10,000.

The deceased executed a will on August 19, 1917 and same was witnessed by Joseph J. Bullock and Charlotte C. Bullock. The instrument was filed in the county clerk's ofice by Edgar A. Shaw, who was named as executor on October 24, 1917. Shaw failed to petition the superior court for letters testamentary thereon.

Ellis was over 63 years at the time he executed the will.

Petitions for Custody of Child

Dr. Charles F. McCarthy has petioned the superior court for the sole custody of his minor son, Francis G. McCarthy, aged 13 years. Judge Buck recently granted the final decree of divorce to Mayzella A. T. McCarthy from her husband, C. F. McCarthy. By the terms of the interlocutory decree granted by Judge Hudner the parties to the action were awarded equally the custody of the child. Dr. McCarthy in his petition states that Mrs. McCarthy is not a fit and proper person to share in the custody of the minor and it would be to the best interests of the child to award the sole custody of the boy to the father.

The boy has been attending the William Warren school at Menlo Park but the father says he is not progressing in his studies there as well as he might and wants him placedin some other institution. Judge Buck has made an order directing Mrs. McCarthy to appear in court this morning at 10 o'clock to have the matter heard and finally determined.

The Ladies Aid Society of the M. E. Church will give a lunch in the building adjoining the Redwood City House on Monday for the accomodation of voters. Home made pies and cakes will be served with other delicacies.

JOSEPH N. WINTER PASSED AWAY FRIDAY MORNING

Following an illness of six months Joseph N. Winter, a pioneer resident of Redwood City, passed away at his home on Stambaugh street yesterday morning. His wife and son were at his bedside when the end came. The death of Mr. Winter was not wholly unexpected but nevertheless it came as a shock to his family and friends.

Mr. Winter was born in England 57 years ago but came to Redwood City when a very young man. He took an active part in all things having for their aim the betterment of the comunity was public spirited and broad guaged, and was lavish in his time given to civic interests. For over fifteen years he was chief of the fire department, a position he filled with honor and credit both to himself and the city.

Mr. Winter was a law abiding citizen, a devoted father and loving husband. Nearly 30 years ago Mr. Winter was married to Mary E. Kearse of this city and one son, Lisle Winter, a deputy in the county surveyor's office, is a result of that happy union.

The deceased is survived by his wife, son, aged mother, two sisters and two brothers.

The funeral will take place from the home of his mother on Stambaugh street Monday morning at 10 o'clock. Interment will be in Mount Olivet Cemetery, Colma.

INDICATIONS POINT TO A LIVELY ELECTION MONDAY

The municipal election on next Monday promises to be the most exciting of any ever held in Redwood City. The dry and wets will clash in a big drive for victory. The former appear to have a big lead over the latter.

Treasurer Frank K. Towne and Clerk W. A. Price have no opposition. The terms of Tuchsen and Sampson expire and there are four candidates for these places, C. M. Doxsee, George A. Kreiss, Floyd Baird and M. E. Ryan. There is scarcely any doubt but what Mr. Doxsee will lead in the race. Baird is endorsed by the civic welfare league and will get a big vote. Kreiss and Ryan have a big following also and will poll a large vote.

MILTON MARCUS ENLISTS IN UNITED STATES INFANTRY

Milton Marcus, the well-known local shoe dealer, has enlisted in the infantry department of the United States Army and will report for duty in San Francisco next Monday. Mr. Marcus is a graduate of the local high school where he made a record as a student. He has been in the shoe business on Broadway for the past two years. Though not of draft age he could not, however, resist the call of the army and enlisted. His business will be taken over by his father.

PATRIOTIC EFFORTS OF MRS. KEARSE CAUSE SORE FINGER

Mrs. J. Kearse, one of Redwood City's pioneer women, is suffering from a felon on one of her fingers caused by her patriotic efforts in behalf of the boys at the front. The infection was caused by too much knitting, Mrs. Kearse having turned out 40 pairs of socks, 6 sweaters, 6 mufflers and 6 pairs of wristlets. Mrs. Kearse is nearly 80 years old but she has done probably more knitting for the army than any other woman in the county.

CHAIRMAN NASH SPEAKS AT HALF MOON BAY

Joseph H. Nash, County Clerk and Chairman of the Redwood City War Savings Committee, was one of the speakers at the big patriotic meeting and demonstration at Half Moon Bay, on Tuesday. Mr. Nash's appearance upon the platform was an example to the people of the county that distance does not interfere with the patriotic endeavors of the Redwood City chairman.

Mr. Nash has been an indefagitable worker, never tiring in his endeavors to promote the work to the ultimate end of going "over the top" in the $70,000 drive for Redwood City, as well as aiding in the other districts of the County. The Redwood City Committee under the supervision of Mr. Nash, is a well organized body of representative men and women, and the results of the sale of stamps for this city prove that able and energetic leadership, together with the hearty cooperation of Mr. Nash's fellow committeemen, are the main factors in the success of the Redwood City drive to oversubscribe its quota.

INHERITANCE TAX FIXED IN THE THORNTON ESTATE

Judge Buck has signed the findings prepared by R. F. Chilcott, the inheritance tax appraiser of the estate of R. S. Thornton, deceased. The first report of the appraiser was objected to by Mrs. Lindsay, daughter of the deceased. The first report appraised the Thornton ranch at Colma at $100,000 but Judge Buck reduced this value to $71,550. The court sustained the appraiser in not allowing attorney fees as an expense against the administrator and also the family allowance of $500 a month was not permitted to be counted as an expense against the administrator.

The total apraisement was fixed at $90,250 and the inheritance tax was found to be $1,910.82.

STANDARD GUARANTY CO. DECLARES DIVIDEND

On April first the directors of the Standard Guaranty Mortgage Corporation held a meeting at its offices here and declared a dividend to the stockholders for the six months period ending August 26, 1917. This is the fourth dividend issued by the corporation. It is doing a splendid business. D. Stokes O'Callaghan, the general manager, is a live wire, a thorough business man and withal a genial whole souled gentleman. The stockholders have confidence in him and are willing to trust him with their funds. E. F. Fitzpatrick is president of the institution, Geo. A. Merrill, first vice-president, Donald W. Williams, treasurer, L. C. Patrick, secretary and Mr. O'Callaghan, manager.

LARGE ENTHUSIASTIC AUDIENCE LISTEN TO ADDRESSES OF TEMPERANCE EXPONENTS

The first rally of the "drys" in Redwood City was held Wednesday evening in the Sequoia theatre. It ws a complete success in every way. Over 500 people attended and listened attentively to the able arguments advanced by the eloquent speakers. This was the largest and most enthusiastic meeting ever held in Redwood City.

Charles W. Helser was chairman of the evening. In the course of his remarks he said that if the saloons were voted out of Redwood City this community would receive a splendid class of residents from San Francisco and other places, as they would come here to enjoy the climate and get the advantage of the fine schools. Dr. A. H. Briggs being introduced spoke in part as follows:

1. Any industry whose finished product is worth less than the raw material is bad business.

Take an illustration from the lumber business. A tree in the forest is felled, cut into sections, railroaded to the mill, sawn into lumber, shipped to the market and made into buildings. At every step in the process the raw material gets value. Boats and buildings are worth more than trees, and cities are more valuable than forests.

Or take an illustration from human life; take a raw boy, teach him a trade, make him a carpenter, a riveter, or an iron worker, and the trained artisan is worth more than the boy was; or put a boy through college and, if the college and the boy are the right sort, the boy comes out of college better than he went in. Take any raw boy and put him through the saloon and what is the result? The finished product is not only worth less than the raw material. The finished product of the saloon is absolutely worth nothing.

2. Apply the patriotic test. The great word which comes to us from Washington is to save all we can and waste as little as possible. What is the liquor traffic doing?

(a) While for lack of coal the East is freezing, with churches closed, school houses abandoned, whole communities of children getting their only instruction from the lips of untaught mothers, women standing in line waiting for a little coal to cook the supper with—while this is going on the brewers are burning coal to make beer,—a pound of coal for a pint of beer. The census for 1910 (volume 8 page 373) reveals the fact that brewers use three and a half times as much coal as the bakers, nearly six times as muh as printers and bublishers, nine times as much as manufacturers of boots and shoes, and twenty times as much as manufacturers of men's clothing. In Massachussetts alone brewers use over ninety thousand tons of coal a year, and employ one hundred and sixty thousand freight cars for transportation.

(b) Winging this war is the first business of every American man and every American organization. Washington says "Food will win the war; don't waste it." What is the liquor traffic doing? Professor Jaffa, head of the Food Department in the University of California, states that last year the liquor traffic destroyed food values equivalent to six million one-pound loaves of bread."

Father M. J. Whyte, pastor of St. Martin's Catholic Church of Sunnyvale, spoke as follows:

"1. The Christian world is these days celebrating the Ressurection of Christ from the dead. He Himself on a memorable occasion declared that th resurrection of a human soul from sin, weakness, or vice was the true resurrection, a resurrection greater in its way than the raising of a human body from the grave.

2. From this declaration of His we gather that every man has within himself this power of lifting himself out of sin, weakness and vice, and if every man has this power, so has every town, community, state or nation for each of these is composed of units.

3. This is precisely what we now see taking place all over the earth. The whole world is rising from the grave of misery and of degradation wherein alcohol for centuries has buried it. Men and women of all nations and tribes, of all tongues and peoples, of all churches and of no church at all, are drawing together determined that the deadliest foe of humanity shall be banished from the taste, from the sight and from the very memory of man.

4. Nowhere is the revolt against alcohol more pronounced than it is among some of the Catholic nations. The French Canadians led by Cardinal Begin of Ontario and by Archbishop Bruchesi of Montreal have heartily supported prohibition in Canada. A very large percentage of the present generation in Ireland between twenty and thirty years of age has never known the taste of whiskey, wine or beer. That is the best news that has come from Ireland in many a day. Ter worst enemy has not been John Bull, but John Barleycorn. Should she overcome Barley John, Beefy John will be the least of her troubles.

5. During the campaign of 1916, I spoke in favor of the Dry Amendments in about thirty towns in Central and Northern California from Chico to Santa Cruz. Many Catholics attended these meetings and in almost every place after the meeting some of the representative Catholic citizens came to tell me how glad they were to see a priest on a dry platform and how still gladder they would be to hear the dry issue presented in their own churches. On the 6th of November, 1917, in San Jose, and on the 19th of February, 1918, in Santa Clara saloons were voted out of business. Everybody in each of these towns knows that the Catholic vote was a big factor in the result. Conditions made each of these contests almost a test case as to how the Catholic people in these two comunities stood on the liquor question.

To Restrict Marriage Licenses

County Clerk Joseph H. Nash received a letter yesterday from Lieutenant-Colonel C. S. Fries asking him to issue no more marriage licenses to soldiers from Camp Fremont unless they first received the approval of the military authorities.

THE DUTY OF THE VOTER

Every voter in Redwood City should go to the polls next Monday prepared to register an intelligent opinion as to whether or not the open saloon is longer to exist in our midst. The duty is an important one, a responsibility which will admit of no shirking. Upon the result of the verdict thus registered depends much of the future welfare of the city.

While there are undoubtedly some plausible arguments in favor of the existence of the saloon, there are many and strong reasons, both moral and commercial, why they should no longer be permitted to continue. Even the strongest advocate of the saloon will not contend that it adds to the moral welfare of the community. No one will be found to say that the indiscriminate sale of liquor makes for better men or better women.

Commercially, there are many reasons why the saloon is a disadvantage to a community. Manufacturers today are frowning upon the business. They are demanding that employees shall be freed from the temptations to dissipations which render men unfit for intelligent and sustained labor.

LOYALTY OF THE IRISH PEOPLE

There can be no doubt of the loyalty of the Irish people in this war for freedom. On perusing the roster of the American army it my be learned that a big percentage of the names thereon are Irish or of Irish origin. There are a few, however who are opposed to England, America's great ally, and are not as enthusiastic in their support of the cause as they might be. This is on account of the cruel laws enacted by England in the past to crush Ireland. This should be forgotten for America's existence is at stake and any comfort given the enemy by inflicting injury on Great Britian is a slap at the United States. This is no time for disloyalty. America and her allies must win the war and they must have the entire cooperation of all.

Garrett W. McEnerney in a speech at a banquet given in honor of T. P. O'Connor, the Irish patriot, in San Francisco Monday evening struck the proper keynote when he said during the course of his eloquent address:

"Let it be noted at the outset, and never forgotten, that our fundamental concern is the safety of our country, and anything that puts this safety in peril or renders it a matter of doubt, is anathema with us.

Let is be also clearly understood that any support, moral or financial, given in America to any movement in Ireland, the object of which or the effect of which is to embarrass the full efficiency of the British fighting forces, is now treasonable to the people and to the government of this country; and that any attack made in America upon any movement in Ireland because it seeks to maintain the British fighting force at its fullest possible efficiency, is likewise now treasonable to the people and to the government of this country.

It is at this point in the road that every loyal American must part company with every Sinn Feiner, for no man can levy war upon our Allies without levying war upon us."

WOODSIDE NOTES

The Woodside Sunday School gave a very interesting Easter concert at the regular service on Easter Sunday.

The exercises reflected great credit to those who took part and also to Miss May Huddart, under whose direction the program was prepared.

The missioniary offering from church and Sunday school amounted to over $22.00, a fine showing for a small organization.

Dr. Bowden, the veterinarian, announces that he has recovered from his recent injuries and is prepared to practice again. Calls may be left at his residence at Portola.

The trout season opened auspiciously for local Ike Waltons on Monday last for many big strings of trout were brought in from the La Honda region.

Notice of General Municipal Election

NOTICE is hereby given that a general municipal election will be held in and for the Town of Redwood City, County of San Mateo, State of California, on Monday the 8th day of April, 1918 at which election there shall be elected by the qualified voters of said Town of Redwood City two members of the Board of Trustees of said Town of Redwood City, each of whom shall be elected for the full term of four (4) years; also one Clerk of the Town of Redwood City, and one Treasurer of the Town of Redwood City.

WHEREAS, C. J. Field and Grace M. Field, his wife, did make, execute and deliver a certain deed of trust bearing date the 8th day of November A. D. 1915, conveying the real property hereinafter described to Concepcion Horne and Cremeta Tullock, as trustee for E. W. Horne;

AND WHEREAS, said deed of trust was given as security to the said E. W. Horne, for the purpose of securing a certain promissory note of even date therewith executed and delivered by the said C. J. Field and Grace M. Field, his wife, to the said E. W. Horne, for the sum of One Hundred ($100) Dollars United States Gold Coin;

AND WHEREAS the said deed of trust was recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 19th day of November, 1915, in Vol. 13 of Trust Deeds, page 42;

AND WHEREAS the said E. W. Horne is still the owner and holder of the said promissory note and the indebtedness secured by said deed of trust;

AND WHEREAS default has been made by the said C. J. Field and Grace M. Field, his wife, in the payment of the promissory note and in the payment of the interest thereon, and the said E. W. Horne being the owner and holder of said promissory note, did in writing demand and direct that the undersigned Concepcion Horne and Cremeta Tullock, as such trustees, under the deed of trust, sell the real property described in said deed of trust and hereinafter described to satisfy said indebtedness.

NOW THEREFORE, in accordance with the terms of said deed of trust and under the authority therein vested, as aforesaid, the undersigned, Concepcion Horne and Cremeta Tullock, as such trust, do hereby give notice that on Monday, the 22nd day of April, 1918, at the hour of 10 o'clck a. m. of said day, at the Broadway entrance to the City Hall in Redwood City in the County of San Mateo, State of California, they will sell the following described real property at public auction to the highest bidder for cash in United States Gold Coin:

The property to be sold is described as follows:

GAS FOR HEATING

Properly designed ventilating gas heaters are now obtainable for the various requirements of
HOME OFFICE STORE

THE RECTOR SYSTEM:
A complete automatic system of heating. All burnt gases are withdrawn by the operation of electric motor and fan. Designed for use in places where hot air furnaces, steam or hot water systems would otherwise been necessary.

HAWKS RADIATORS:
Made of heavy cast iron and assembled in various sizes. They individually ventilate by discharging the objectionable burnt gases by thermal action through a ventilating pipe.

THE RADIANT FIRE:
A beautiful fireplace heater which provides cozy comfort without mess, trouble or inconvenience. It is ventilated. This heater has become a real attractive means of reviving the delights of fireplaces long since abandoned.

HALL FLOOR FURNACE:
This type of heater is easily installed beneath the floor surface. Like all heaters recommended by us, it is ventilated. An attractive register plate is all that is seen in the room.

Our Engineers are Always Available to Make Heating Recommendations for Our Customers. No Charge is Made for Service of This Character.

THOMAS H. LAWSON ADDRESSES BAPTIST FORUM

Mr. Thomas H. Lawson of the Anti-Saloon League gave an address of fiery eloquence at the forum meeting, Baptist Church Sunday evening. He alluded to the rapid growth of temperance in this country and in California. Town after town is going dry. It stands us in hand to put down this ally of the Central powers. We are seeing "the rising of the tide." In days gone by the wets were in the habit of speaking slightingly of the "temperance wave." They would say that it was receding. But you do not hear that expression any more. For it is seen to be a "rising and swelling tide." We will soon have a saloonless nation and a stainless flag. Four years ago we had only 9 dry states. Now we have 27. By getting nine of the wet states, together with this 27 dry states, to ratify, we will have national prohibition. Four of the wet states have already ratified. God's hand is surely in this movement. To rid the land of saloons is a greater task than it was to emanicipate the slaves. For slavery existed in only a part of the country, while the saloon was everywhere. All the fraternal organizations have banished drinking at their functions. The Native Sons a year ago banished drink from their banquets. And so the wave is rising every where. In two years the nation will be dry by constitutional enactment; it may be sooner than that by presidental decree as a war measure.

A letter was read by Pastor Parker from Mr. Kelso who is temporarily residing in San Francisco. The letter spoke of the good work being done by the forum for reform and offered the following, among others, as his contribution to making Redwood City dry:

"PERSONAL LIBERTY"

"A merchant who has been in business for any length of time has a good many accounts on his book that are not collectible, they are "bad accounts": a good many of these accounts were run by men who preferred to pay the saloon keeper instead of the merchant; and the merchant has to add the amount of these bad accounts to the cost of his goods, otherwise he would go broke, and the people who do pay their bills are obliged to pay this extra amount as a contribution to the "personal liberty" of the booze fighters.

In this case, whose "personal liberty" is violated?

The cost of our courts, jails, penitentiaries, poor farms, and charitable institutions adds an enormous burden to our cost of living in the shape of taxes; these fall upon the property holder directly and upon the non-property holder indirectly. Statictics show that over 50 per cent of this heavy expense may be traced to the whiskey traffic. It is an enormous economic waste; why not spend these untold millions for some useful purpose instead of keeping up all these institutions and especially so in these times when we need all the efficiency possible. And in considering the foregoing, whose "personal liberty" is violated?"

THE WEEK'S EVENTS IN LOCAL CIRCLES

Redwood City as Seen Through Incidents Gathered Here and There

If you have Watch trouble see watch doctor, George Peterson, 214 Main street, Sequoia Hotel Building.

Wm .A. Leslie, of Redwood City, on his recent trip to Los Angeles, was a caller at the Chamber of Commerce where the largest exhibit of its kind in the world is maintained.

A baby girl was born to Mr. and Mrs. W. S. Wardlaw on Stambaugh street, Wednesday, April 3, 1918. Mr. Wardlaw is the local agent for the United States Laundry of San Francisco.

About 20 members of Half Moon Bay Lodge I. O. O. F. came over Wednesday evening and were the guests of Bay View Lodge. Several candidates accompanied the party and were initiated.

Assessor D. P. Flynn has appointed D. R. Stafford a field deputy for the Third Township to make assessments for the years 1918-19. Mr. Flynn has deputies in all the other townships of the county who are working hard to have their work completed by July first.

Redwood Lodge No. 650, Fraternal Aid Union, will hold a progressive whist party in the Foresters hall, on Tuesday evening, April 9th. Prizes will be awarded and refreshments served. It is desired that everyone who attends will be there early on acount of the ruling that all soldiers must be in camp before 10 o'clock.

Mrs. M. T. Hilton, the popular and efficient deputy county clerk, has returned from New York where she went to bid farewell to her husband before he went across to the front. Mr. Hilton is in the signal corps of the aviation branch of the army. This was Mrs. Hilton's first trip east and to say that she enjoyed it would be only expressing her enthusiasm mildly. Mrs. Hilton is an obligng and competent clerk and her many frends are glad to see her back at her desk.

Owing to the drastic orders issued by Major Morrison, commander of Camp Fremont, compelling the soldiers to be in camp at 10 o'clock in the evenings have caused many business houses that engaged in trade here since the opening of the cantonment to retire. The shooting gallery and the two waffle houses have gone out of business and also two eating places on the same street have retired. Those depended upon the soldiers patronage almost entirely. It is believed in army circles that this order may soon be revoked.

Robert Congdon, for the past three years a deputy in the sheriff's office, has resigned owing to ill health. He resides at San Mateo and will take a long rest befor engaging in any pursuit. Sheriff Sheehan has appointed T. C. McGovern of South San Francisco to fill the vacancy. Mr. McGovern is not unknown at the courthouse, for he served as a deputy under Ex-Sheriff Robert Chatham some years ago and for five years was a deputy recorder under H. O. Heiner. He is a capable and trustworthy young man and Mr. Sheehan may be congratulated upon his selection.

The young people of the community are looking forward with pleasure to the Yama Yama Dance to be given by the Wednesday Evening Social Club on next Wednesday evening, the tenth. This will not be a masque ball and it will not be necessary for admittance that the ladies be in Yama Yama dress. However, many will be there in costume and the spectacle promises to be a pretty one with the girls in gay colors and the soldiers in uniform. The dance last Wednesday evening, given by the club was a very successful social affair as the hall was filled with a merry crowd of dancers and spectators. The dances begin at 7:30 and terminate at 11 o'clock and the club wishes to express its thanks to the people of the vicinity for their past early attendance which has lent much toward contributing to the pleasure of the soldiers of Camp Fremont. Fully two hundred men in uniform were in attendance Wednesday night and as on these nights the men of the Camp must be in at 12 o'clock, these hours of 7:30 to 11:30 help in the complying with the military rules. The latest song "Mickey" made quite a hit, played as a waltz last Wednesday evening.

REPORT OF SESSION OF SUPERVISORS

The board of supervisors met in regular session Monday, April 1st at 10 o'clock.

Mark E. Ryan of Redwood City, representing the Electrical Contractors' Association of San Mateo county addressed the board in reference to the request of the association filed in a previous meeting to have an inspector of electrical wiring appointed for the county. Ryan explained to the board the plan whereby such an inspector could carry on his work and showed how such a person would protect legitimate contractors and at the same time insure every building erected in the county being properly wired.

After a short discussion by the members of the board, the matter was continued for two weeks, in order to give the electrical association time to prepare a schedule of prices to be charged for inspection.

Douglas S. Watson, food administrator of San Mateo county, appeared before the board, and after explaining the new government schedule governing the sale of flour in the country, which went into effect on April 1st he asked for an appropriation of $300 to enable him to properly carry out the schedule in San Mateo county and get the necessary propoganda in the hands of every person therein.

The board expressed its desire to cooperate with Watson in every way possible and assured him that favorable action would undoubtedly be taken on his request for an appropriation at the meeting of April 15th, the board carrying out its policy of not making any appropriation without taking two weeks' time for consideration.

The report of Newton A. Peck county horticultural commissioner. was received, showing that he had inspected 11,398 shipments of nursery stock during the month of March, 100 of which were found to be infected with scale and 25 with "flat-headed borer," the balance being passed as clean.

A communication was received from the County Social Service Commission recommending that Miss Elizabeth Skeele, its executive secretary, be granted a leave of absence for six months in order to take up the work of supervising the Home Service and Civilian Relief in the Red Cross chapters throughout the northern part of California and Nevada. The communication further stated that the commission had appointed Miss Lillian J. Haley of Los Angeles as Miss Skeele's successor for three months, the understanding being that at the expiration of that time if the former proved satisfactory, Miss Skeele would tender her resignation.

Supervisor MacBain addressed the board in reference to the above and suggested to the commission that they get busy and find some suitable person within the county who could be trained for the work and fill the position.

Supervisors Francis and Brown expressed themselves along the same lines as Supervisor MacBain, both being anxious to secure some San Mateo county woman for the job.

Mrs. H. S. Dana, president of the Social Service Commission, addressed the board and explained that every effort had been made to find a person in the county who could qualify for the position and that a number of applications had been received but none found satisfactory.

On motion of MacBain, seconded by Hickey, the recommendation of the commission was accepted, Miss Haley being appointed to the position of executive secretary for a period of three months, with the understand that the commission make every effort to find a San Mateo county woman for the job during that time.

A comunication was received from Prof. C. B. Whittier of Stanford University calling the board's attention to the way the pavement on Santa Cruz avenu between Menlo Park and the Meyer's ranch is being destroyed by the many motor trucks travelling over it.

Supervisor MacBain addressed the board in the above and stated that it was impossible to keep the road in condition with several hundred big trucks passing over it daily and with the money available out of his road fund. The matter was referred to Supervisor MacBain.

A communication was read from W. T. Reid, head master of the Belmont military school, protesting against the granting of a liquor license to J. C. Coste of Belomnt, and asking the matter of permanently granting the license be held under consideration until a protest could be made to the board.

Supervisor Brown addressed the board in the above and stated that he was opposed to the granting of any new saloon licenses in Belmont and would not stand for one, but the one in question was not a new one.

After securing the opinion of District Attorney Swart as to the procedure of the board in granting the license, it was ordered, on motion of Brown, seconded by Hickey, that the clerk notify Mr. Reid that the license had been legally granted.

Following a conference with Major Jones, provost marsal of Camp Fremont, a resolution was presented by District Attorney Swart, which he asked to have filed, conferring jurisdiction over all county roads and the control of traffic thereon, within the Camp Fremont military reservations upon the military authorities.

In reference to the above District Attorney Swart explained that the resolution itself would have little legal effect, as the camp officials had already decided to take over the control of the said roads and that their action in asking the cooperation of the supervisorswas to establish pleasant relations between the county and the camp. Swart explained the recent order passed by the military authorities wherein all jitney bussess with the exception of those controlled by Andrus & Co. of Palo Alto, were to keep off the roads within the reservation. He stated that he had been given to understand that the camp officials were now endeavoring to arrange a transfer system whereby the Andrus Company would carry the passengers of all other jitney drivers from the State Highway in Menlo Park to the camp proper at a nominal sum, one or two cents. The order of the authorities, Swart further explained, granted permission to the Rapid Transit Company to run its busses to the camp on Wednesday, Saturday and Sunday nights after the hour of 11 o'clock.

A large delegation of jitney owners and operators were present at the meeting and a number of them addressed the board in protest to the action of the camp authorities in discriminating, as they termed it, in favor of the Andrus Company.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

The thrift stamp campaign is receiving encouragement in Menlo Park. For the quarter ending April first the sum of $2,500 was received by E. J. Crane.

M. Polson was reelected trustee of the grammar school at the election last Friday. He had no opposition. Mr. Polson has creditably filled the position for many years.

The social dances at the Hall of the Nativity have been resumed. The night has been changed from Thursday to Wednesday evening. These socials are enjoyable and well attended by the boys in uniform.

The vote cast for D. E. O'Keefe for high school trustee at the election held last Friday was very flattering. Out of 127 votes cast Mr. O'Keefe received 126. This endorsement in ones home town is something to be proud of.

Bernard Larrecou has arrived in New York and is with the other Menlo Park boys at the government naval training station. Young Larrecou has been at the training station at San Pedro for the past four months. Mrs. Larrecou spent a week in the south with her son before he departed for the east.

W. T. Casey and Peter Sepada fought the shades of Uvas creek in Santa Clara county on Monday and in a short time secured the limit in trout. The fish were large, each weighing a pound. The trout were the best brought to town since the season opened. The Uvas creek is well stocked with trout which are plenty and quite large for this season of the year.

Thirty-five votes were cast at the election for sanitary trustees of the Menlo Park Sanitary district last Monday. There were no opposition to the present trustees, W. R. Walker, A. G. C. Hahn and C. W. Marvedel. They received a unanimous vote At the election last year 420 votes were cast when the present board was elected. The trustees have done good work and richly deserved to be reelected.

Elliott E. Selzer and Max M. Selzer have taken over the drug business left them by their mother, the late Mrs. M. E. Selzer. The store will be managed by Elliott E. Selzer, an experienced pharmacist. He is a graduate of the high school at Redwood City and from the department of pharmacy of the State University. Before coming here he was head of a large durg store at Red Bluff, Tehama county. Mr. Selzer contemplates improving the store by putting in new fixtures and adding new lines of durgs to the already fine stock. His charming wife, who is the leader of society in the northern city, will reside here. Mrs. Selzer will be quite an acquisition to the social set of Menlo Park where their is much work to be done on account of the big cantonment

A clubhouse for the convenience of the wives and mothers and other relatives of the men at Camp Fremont, has just been established at Menlo and is known as the Menlo Community Center, under the auspices of the War Camp Community Service. The house was scheduled to be opened Tuesday afternoon to the enlisted men and their wives and hereafter every day from 10 in the morning until 10 in the evening. It contains the reception room, writing and sewing rooms and sleeping accomodations for emergency occasions. It is in charge of Mrs. Henry Ward Brown, who is assisted by Mrs. Howard Gould, Mrs. Clarence Walter and Mrs. John MacBain. The formal opening of the house took place Tuesday evening when crowds fro mall portions of the county were present. Many of the officers of the camp were present.

The engagement of Miss Mary Ruth Hall of Corte Madera and Lieut. Ralph A. Densmore of Monrovia, Los Angeles county, Cal., has been announced. The pretty bride to be was born in Menlo Park twenty years ago and completed her elementary education at Corte Madera under her father, H. C. Hall, the well-known school teacher. Miss Hall also took up some special work in the Tamalpais high school. She was a great favorite at her home thronging it nearly every Saturday and Sunday with young people who were attracted by her wit and music and social ways. She is highly skilled in needle work, music, drawing and painting. Lieutenant Densmore passed the military examination and tests last July at the Presidio for a second lieutenancy in the coast artillery and was stationed at Fort Winfield Scott, where he was recently promoted to a first lieutenant. He is every inch a soldier in courage, skill and energy. He is a young man of fine ideals.

MARY E. SELZER ESTATE TO BE PROBATED

Elliott E. Selzer and Max M. Selzer have applied in the superior court for letters of administration upon the estate of Mary E. Selzer, who died at Palo Alto on March 26, 1918. The estate consists of cash amounting to $1000, a drug store at Menlo Park valued at $6,000 and real property consisting of lots 9 and 10 in the Johnson tract valued at $1000. The entire value of the estate does not exceed the sum of $10,000. James T. O'Keefe is the attorney for the estate.

District Attorney Swart and all the members of the board explained that they did everything possible to get concessions for the other jitney men from the authorities, but without success, as the latter were firmly determined to carry out their orders.

Following a further discussion. the resolution conveying the control of the roads to the camp authorities was adopted, on motion of Hickey, seconded by MacBain, and ordered filed together with a map showing the boundaries of the reservation.

On motion of MacBain, seconded by Brown, the salary of Arthur Carleson, gardener at the courthouse was raised from $85 to $100 a month.

Supervisor MacBain addressed the board and asked what action the members wished to take in reference to retaining Donald Mackenzie in the employ of the county as superintendent of the buildings.

Supervisor Brown spoke very highly of Mr. Mackenzie but said he did not think the time was now opportune for paying the salary of a superintendent of buildings.

In reply to this Supervisor MacBain stated that it would cost the county considerably more than Mackenzie's salary to do the work he is now doing and he moved that the latter be appointed superintendent at a salary of $100 a month. This motion was lost through failure to secure a second.

This being the day set for the hearing of the applications for jitney permits ,the board decided to take up each applicant separately.

District Attorney Swart, who conducted the hearing, made a rigid examination of each applicant, who was sworn in , satisfying himself fully as to the merits of each case before recommending to the board the granting of the permit.

Supervisor MacBain addressed the board and stated that the necessary improvements—painting, plumbing, etc., had been done to the old county jail and it was now necessary to furnish the building so it could be used as a detention home.

On motion of Francis, seconded by Thompson, it was ordered on a roll call, all those present voting "aye" to furnish the building with the necessary articles.

22 Million Families in the United States

4 CUPS OF WHEAT FLOUR TO THE POUND

If each family used 4 cups of flour less per week, the saving would be 22 million pounds or 112,244 barrels *every week.*

The greatest help housekeepers can give to win the war is to make this saving and *it can be done* by using this recipe in place of white flour bread.

Rice Muffins

1 cup milk
¾ cup corn meal
1 tablespoon shortening
¾ cup cooked rice
¾ cup flour
2 tablespoons sugar or corn syrup
½ teaspoon salt
3 teaspoons Royal Baking Powder
1 egg

Scald the milk and pour over the corn meal; add the shortening. When cool, add the rice, and the flour, sugar, salt and baking powder which have been sifted together; add beaten egg. Beat well and turn into greased muffin tins, and bake for twenty minutes in moderate oven.
